* The 5th session usually takes the form of a field trip to an existing piece of chaplaincy in Worcestershire. We hope this will be possible, but this depends on the COVID-19 situation. If this is not possible we will hold this session online and arrange a later visit when possible.

The course draws on the personal experiences of work of those taking part, and group discussion and bible study are part of the approach. A detailed workbook is provided to each Participant which allows those who have to miss a session to cover the same ground, though it is better if the group can cover each session together. On previous occasions sessions have been repeated if more than one person is absent. With Zoom we also have the option of recording so those not able to attend a particular date can review the recording. So, if you can't make all the dates, don't feel you cannot join the course.
